Mrs. Theresa F. Deems, 32 years old, agreed in Baltimore court to become reconciled with her husband but refused to "kiss and make up." Mrs. Deems said afterward that she had never been kissed, not even by her parents, and that she would not kiss her child whom she loved "more than her own life," because she did not believe in kissing.

\$1,500 APPROPRIATED

By Fiscal Court for More Intelligent Farming.

The most far-reaching step toward intelligent farming was taken by the Fiscal Court at its adjourned meeting last Tuesday morning. The B. M. A., through Mr. Castleberry, appeared before the court and asked it to appropriate the sum of \$1,500 to pay the salary of a Government expert to take charge of the business of testing all fertilizers, seeds for planting, etc., in this county for one year. After considering the proposition from the hour of meeting until nearly 12 o'clock, during which time many of the farmers of the county and the members of the court were heard from, the vote was taken and carried without a dissenting voice.

It was the opinion of everybody that our farmers are behind the times in scientific farming. The Judge of the court and the county Attorney expressed the same opinion. Farmers are always too busy to attend lectures on agriculture, but they will find that the man who is to come here in March and begin his duties will prove the wisdom of the court in providing a person who will be competent to direct them in the kind of fertilizer their land needs, what their land is best adapted for, etc. This means much for all farmers.

AMENDMENT IS RATIFIED

After Four Years Wait Enough States Approved Sixteenth Amendment.

TAXING INCOMES OF RICH.

Democrats Will Pass A Speedy Law To Enforce Measure.

Washington, Feb. 5.—Here is the Sixteenth Amendment to the Constitution of the United States, ratified Monday:

"Article XVI.—The Congress shall have power to lay and collect taxes on incomes, from whatever source derived, without apportionment among the several States, and without regard to any census or enumeration."

Wyoming had the honor of making the amendment effective. Within two hours after word was received that the Wyoming Legislature had ratified the amendment, a telegram was received by Senator Richardson, of Delaware, stating that his State had also ratified the amendment, and to this was added New Mexico, making thirty-eight States to act favorably. Utah and New Jersey are expected to do the same. Only thirty-six were needed.

The Democrats tariff makers of the House and Senate forthwith announced that they would begin preparations at once to enact an income tax law as a part of the Democratic tariff programme at the coming extra session of Congress. Senator Simmons, of North Carolina, who will probably be the next chairman of the Finance Committee, spoke for the Senate. Representative Hull, of Tennessee, the income tax expert of the Ways and Means Committee, spoke for the House.

Senator Norris Brown, of Nebraska, Republican, author of the amendment, which he introduced in the Senate on June 17, 1909, with pardonable pride, announced to the Senate during the afternoon that three-fourths of the sovereign States had ratified it. He congratulated the Senate and the country on the result. The amendment will not become actually a part of the Constitution until the notice of the ratification by Wyoming or Delaware has been formally filed with the Senator of State, which will doubtless be within a few days.

The Democrats propose to raise approximately \$100,000,000 a year by the new tax and to graduate it so that persons of great wealth will pay at a higher rate.

CIGAR GIFTS LEGALIZED

Congress Legalizes Custom of Employees of Factories Getting Smokes Free.

Washington, Feb. 5.—The custom long followed by cigar manufacturers of allowing employees to make twenty-one cigars a week each for their own consumption without paying the regular internal revenue tax upon the product, was legalized by Congress, when the Senate passed a bill already passed by the House amending the internal revenue laws in this particular.

New Orleans, Feb. 5.—The carnival season was brought to a close last night with the Gorgeous Pageant of Comus followed by the annual ball at the French opera house. FIGHTING RESUMED

Fiercest of the Assaults Are Directed Against the Fortress of Adrianople.

CITY SAID TO BE BURNING

Some Gunplay Along Tchatalja Lines, But Nothing Like Real Battling.

London, Feb. 5.—The Turks remain on the defensive at Tchatalja at Adrianople. The Adrianople fortress replies only feebly to the Bulgarian bombardment and apparently no attempt has been made in the way of a sortie.

AS VIEWED AT CONSTANTINOPLE. Constantinople, Feb. 5.—The Bulgarians, according to reports received last night, are retiring from the burning village of Tchatalja, especially on the left wing. This is regarded as a strategical movement, possibly with the idea of drawing the Turks into the offensive.

The belief is held among military experts here that no serious operations are to be expected at Tchatalja for the present. The condition of the southern portion of the zone between the lines of the belligerents is such as to render the movement of men impossible. It is little better than a morass. Only on the higher ground in the northern region can the armies come in contact and it seems improbable that either side will indulge in an attack in force.

According to the best information here, Adrianople will be able to resist for a long time. Much is expected by competent observers of the new blood which now is at the head of both military and civil administrations, burning to avenge the earlier defeats, and the enterprise and the daring of men like Enver Bey, now for the first time given a chance it is believed may surprise the allies.

TWO WRECKS ON RAILROAD

Both Occurred On The L. & N. Last Tuesday Night.

THE DIXIE FLYER'S ACCIDENT.

No Injuries Sustained But All Of The Trains Delayed.

A south-bound freight train was wrecked on the L. & N. railroad Tuesday night. At Cedar Hill the engine and ten cars left the track, but fortunately nobody was hurt, so far as we have learned.

The North-bound Dixie Flyer, No. 94, due here at 6:53 p. m., also had an accident at Edgfield junction. The engine, tender and baggage car left the track but no one was injured. On account of the wreck at Cedar Hill, after getting the engine, tender and baggage car on the track again, the Dixie Flyer made a detour via Bowling Green and arrived here at 3 o'clock next morning, eight hours behind time.

TOBACCO SITUATION

Very Much Disturbed In The Henderson District Lately.

GRAND JURY IN SESSION.

The Sale Of 25,000,000 Pounds Of Pooled Weed Hangs Fire.

Henderson Ky., Feb. 5.—Special session of the grand jury was called yesterday to thoroughly investigate the tobacco situation in regard to the open charges made that the four big companies doing business here, which includes the American Tobacco Company, Imperial Tobacco Company, Gallagher Limited and the Regies, have combined in restraint of trade and for this reason the sale of the 25,000,000 pounds of tobacco of the Stemming District Tobacco Association has not been effected. All day they were in session, and among those summoned were Wm. Elliott, manager of big pool; James N. Banks, Tobacco Tidings editor; Edwin Bemery, American Tobacco Co.; C. F. Nosworthy and A. B. Harris, independent buyers, and Henry Barrett and prominent financiers of Henderson. Each was kept before the body from one to two hours. At 5 o'clock they adjourned and reported that it would take all day today to complete their work, but it is believed that indictments will be returned. Commonwealth's Attorney Sam V. Dixon has openly stated that he will fight the case hard in event of indictments.

Much interest has been aroused over investigation.

Thomas Gallagher, one of the largest independent buyers in the world, will arrive here from Ireland. Edwin Hodge, Imperial buyer, of Richmond, Va., will also arrive today. The meeting of the Stemming District Tobacco Association and the buyers was postponed. There was little change in the situation. Some believe that Mr. Gallagher is consulting with head officials of the Imperial Tobacco Company, and that there will be a better offer when he arrives.

QUIET HOME WEDDING.

Miss Lydabel Garnett Becomes Bride Of Mr. Hugh W. Linton.

MANY HANDSOME PRESENTS.

After A Bridal Trip To Florida The Happy Couple Will Return.

One of the prettiest home weddings for some time was celebrated yesterday afternoon at 4 o'clock when Mr. Hugh Walter Linton led to the altar Miss Lydabel Garnett, third daughter of Mr. and Mrs. Walter F. Garnett.

The marriage took place at the home of the bride's parents, Rev. C. M. Thompson officiating. Only the members of the families and closest friends witnessed the ceremony.

The bride is a young lady of more than ordinary mental attainments, of attractive personality and has hosts of friends. The groom is a rising young member of the Hopkinsville bar. He came to this city from Elkton about four or five years ago. He is the senior member of the firm of Linton & Clark. Mr. Linton has been a close student of the law and those who know him best predict for him brilliant success in his profession. He is secretary of the Athenaeum Library Society.

Mr. and Mrs. Linton took the 5:32 L. & N. train for Nashville, where they spent the night, resuming their journey to Jacksonville, Florida, this morning. On their return from Florida they will room and board with Mr. and Mrs. L. L. Elgin, 523 East Ninth street.

The bridal presents were numerous and handsome.

HORRIBLE IF TRUE

School Boys Will Stampede Suffragette Parade In Novel Way.

THE PLOT IS DISCOVERED.

Will Liberate Thousands Of Mice Among The Ladies On The March.

Washington, Feb. 5.—Scrampering rats and mice, relied upon by college students to stampede the suffragist parade on March 3 and the unusual demand for such animals was explained today when the plot that has spread through virtually every college in the capital, was discovered.

The collegians intend, it was learned, to post their forces along the length of Pennsylvania avenue, and at a prearranged signal dash into the marching line with handbags or parcels containing the mice, shaking them out into the street. They anticipate the greatest display of hosiery and lingerie ever seen.

POLICE SEEM HELPLESS.

When the plot was discovered the suffragist leaders were dismayed. Appeal to the police has been made and Commissioner Rudolph has promised protection. The police, however, cannot make arrests until after the mice have been liberated, and the women fail to see that arrests will remedy the situation.

Woman Legislator's Plan.

Salt Lake City, Utah.—To prevent the propagation of criminals, imbeciles and others whose mental or physical condition might tend to prevent the advancement of the race, a bill has introduced in the Utah House or Representatives by Dr. Jane W. Skolfield. It provides for a State Bureau of Eugenics to govern marriages and for the sterilization of the unfit.

If the bill becomes a law a certificate of physical and mental fitness must be obtained before a marriage license will be issued.

Dead Letter Sale.

The United States is \$10,861 richer through the carelessness of people who neglected to place return addresses on mail. The annual "dead letter sale" at Washington netted that sum. An unmounted diamond of more than three karats went for \$350.

Articles of every description were sold after being displayed to buyers, the lottery feature of selling the parcels unopened having been eliminated.

RAISE BASEBALL FUND

Paducah Board of Trade to Help Out With Kitty League Club.

Paducah, Ky., Feb. 5.—The Paducah Board of Trade probably will assist in taking care of a Paducah Kitty League club this season. The members of the Phoenix Athletic Club, holders of the franchise, say that they are willing to turn over the franchise. The fans want baseball, and so do the business men, because of the advertising that the city receives. It is proposed to raise a fund of \$2,000 in order to start the season.

Crushed To Death.

Detroit, Mich., Feb. 5.—Three men were killed and six seriously injured late yesterday when a ten ton water gate dropped into a trench where the men were working at Charlevoix and Garland avenues. Of the injured several may die. Nearly all of the victims were foreign laborers.

Pencil Recreations.

Louisville has been working hard for a long time for 35-cent gas and seems to have secured it. That looks mighty low to the people down here.

Four weeks, less two days and it will be President Wilson. We do not know of anybody here who will attend the inauguration.

Chairman Brumfield will have to call another convention of the Bull Moose party, as the members were too busy last Saturday to attend. Delivering tobacco and attending political conventions don't go together, it seems.

So many different hours have been named for the ground-hog to see his shadow in order to make him a prophet or the son of a prophet for future weather that he had as well get out of the way and leave the matter to the weather clerk—and one seems to know as much as the other about it.

First came the "tobacco money" and next it will be the school teachers with plethoric purses, as warrants were made out at Frankfort last Monday for \$410,410.55 for payment for rural teachers, and \$96,120.21 for city teachers. By this time everybody has scuds of money.

The Third Regiment Band has resumed regular rehearsals.

"La Tosca" at the Rex last Monday was one of the best drawing bills that popular place of recreation has enjoyed.

The boys of Company D have not found a way to go to Washington to take part in the inauguration and are certainly a disappointed lot of soldiers. They would have made a fine showing.

A jokesmith wants to know if Mr. Wilson's administration is to be a stormy one just because Tumulty is to be his private secretary.

The Imperial Tobacco Co. could not have sent a better man to Henderson to guard its plant than Harvey McCord. There'll be something doing when McCord finds it necessary, though he is not what may be termed a rash man.

Barlisdale Hamlett, Superintendent of Public Instruction and prospective candidate for nomination for Governor, left Frankfort Monday to attend the meeting of Southern Superintendents at Hampton, Va.

The unanimity with which newspaper men favored the income tax bill is a little strange, as they will suffer most by its adoption.

THREE PATIENTS

At Western Hospital Passed Away Monday.

E. A. Jaynes, a patient in the Western Ky. State Hospital from Logan County, died Monday afternoon of exhaustion from mania, aged 74 years. He was received at the institution about ten days ago. The remains were shipped to Olmstead.

Lousa H. Duvall, aged 67, received here from Barren county 28 years ago, died Feb. 3. The body was shipped to Rocky Hill.

Mack Martin, aged 47, a patient from Union county, received here for treatment three months ago, died Monday night of nephritis.

Deafness Cannot Be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by Catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.

House And Contents Destroyed During Absence.

John O. Smith, who resides about five miles Northeast of the city, lost his dwelling and most of its contents by fire last Saturday afternoon. Mr. Smith was in this city when the fire occurred. When neighbors discovered the flames the building was about ready to collapse and only some bed clothes were saved, the loss being practically total. Mr. Smith says that he lost some valuable papers along with the other articles destroyed. He had no insurance.

Dr. M. W. Rozzell.

Dr. M. W. Rozzell and his family left Saturday for their new home at Hopkinsville, Ky. The friends of Dr. Rozzell and family regret very much their departure. Dr. Rozzell was born and reared in this county, and his coming in and going out, will be very much missed by the people of Mayfield and Graves county. Besides being a fine specialist, he is a fine regular physician.

He has enjoyed a fine practice of medicine for years, and the weather has never been too cold or too hot for him to go to see those who wanted him in time of sickness. He is social, clever and kind to his neighbors and friends, and Dr. Rozzell will be very much missed by our people. The more the people of Hopkinsville know of him and his ability as a physician and specialist, the more they will appreciate him.

The Messenger wishes him and his good wife much pleasure, happiness and success in their new home.—Mayfield Messenger.

FIGHTING AN OLD ENEMY, "HIGH COST OF LIVING."

Following is a part of a statement about the Housewives' League made by the president, Mrs. Julian Heath: "For generations Mother was a practical and all sufficient housekeeper.

"To-day somebody else packs down her butter and eggs when they are plentiful, against the time when they are scarce. Somebody else preserves her fruits, cans her vegetables, salts her pork, makes her pickles, bakes her beans. All these people charge for service, a little there, but they do not do all of her work for her.

"As a result of the lack of oversight on the part of the individual housewife and spender, the firms and corporations which do her bigger housekeeping and should be her servants have become her masters. But they have at last overstepped the mark. They have grown so daring, so avaricious, so greedy, that they have forced a crisis, a domestic panic. And they are largely responsible for the existence of the Housewives' League, which purposes to fight them and bring them to time. The league will dictate, and because it is a union half a million strong, it will be obeyed. It will tell the men who juggle with cold storage supplies—eggs, butter, meat—just what the right market price is, and pay no more. It will demand of bakers a pound of bread to the loaf, it will force the laundrymen to use a harmless soft soap instead of a strong bleach. But, most important, it will help the worried housewife to solve her individual problems by showing her that modern housekeeping must be governed by modern methods, precisely as the successful business venture is governed.

"This is the gospel which the Housewives' League is spreading. Spending is the woman's business. When she has learned to spend intelligently and with the same efficiency demanded for success in any other line of business, she will have reduced the cost of living to the lowest point compatible with trade or tariff conditions."

Paducah, Ky., Feb. 5.—The preliminary contest to select a representative from the Paducah High School to the annual oratorical contest to be held in Henderson on February 28, by the Western Kentucky High School Oratorical Association, will be held February 20th. Four boys have entered the test. They and their subjects are: Francis Britt, "Achievements of Modern Science;" Herbert Kulp, "The Man of the Future;" Emmet Hannan, "Service, the Aim of Life;" Thomas Corbett, "The Graven Image."

Helpless As a Baby.

Valley Heights Va.—Mrs. Jennie P. Kirby, in a letter from this place, says: "I was sick in bed for nine months, with womanly troubles. I was so weak and helpless, at times, that I could not raise my head off the pillow. I commenced to take Cardui, and I saw it was helping me, at once. Now I work all day." As a tonic, for weak women, nothing has been found, for fifty years, that would take the place of Cardui. It will surely do you good. Cardui is prepared from vegetable ingredients, and has a specific, curative effect on the womanly organs. Try a bottle today. At your druggist's. Advertisement.

WHEN THE ROOM IS STUFFY

Rolling Burning Newspaper Carried Through the Apartment Will Purify the Air Finely.

There is no greater purifier of air than open windows, but sometimes in sick rooms this method of changing the air is impossible.

Have you ever tried overcoming closeness by carrying a rolled burning newspaper through a sick room? Equally good is a tablespoon of vinegar ignited over an alcohol lamp.

An atomizer for spraying cologne can be used with toilet water or witch hazel, with refreshing effect.

There are special spirit lamps that have a connection with a platinum ball attachment that are excellent to permeate a room with purifying odors. There are special mixtures for burning in these lamps, but a good cologne or toilet water answers.

The lamp burns until the platinum ball grows red hot, then the flame is extinguished. The vaporization of the cologne is increased by coming in contact with the heated metal and the room is soon fragrant.

A quick way to cool a room is to wet a small crib sheet with cologne, or water highly scented with perfumed bath tablets. Hang in a draft of air, or shake the sheet lightly while still wet.

Burning lump camphor is favored by some nurses, especially in sultry weather, as mosquitoes avoid the odor.

HOME OF BREAKFAST FOOD

Scotch Boy Could Not Conceive of Anything Except Porridge for His Meals.

Prof. Zephaniah Hopper, hale and vigorous at eighty-eight, said at the Philadelphia high school, where he has taught so many years:

"My advice to the young is that they sow no wild oats. Wild oats in youth mean an old age sad and decrepit. And yet, the way some people talk you'd think that wild oats were as essential a part of youth as domesticated oats are an essential part of Scotland."

Professor Hopper smiled and added:

"A friend of mine in Scotland said to a boy:

"What do you have for breakfast hereabouts?"

"Porridge," was the answer.

"And for dinner?"

"Porridge."

"And for supper?"

"Porridge."

"Goodness!" said my friend.

"Porridge every day for every meal!"

"Do you never have anything else?"

"What else would you have?" said the boy."

WORTH DOING.

Where one has to have a heavy trunk in one's room take two long bed slats and get a large wooden box, remove the boards and nail them across the top of the slats, then buy four ball-bearing rollers and screw into the slats and it is ready to put the trunk on, and you can roll the trunk out of the corner and clean under or pull it into the middle of the room to get in easily. Have the slats just the length of the trunk.

If a bedspread shows wear at the ends baste a piece of muslin on the under side the width of the border, and quilt it on the sewing machine. If it is a Marseilles spread, follow the design of the border in the stitching. The sewing will scarcely show and the spread will last much longer.

FORGOT COMIC PAPERS.

"But," exclaimed the traveler, "do you never read the newspapers?" "I useter," replied the farmer. "I did onct for quite a spell; but they got too funny. 'Bout ten or 'leven years ago I quit readin' 'em. Since then I've been readin' a book."—Saturday Evening Post.

YOU CAN MAKE WASHING EASY

There Will Be No After Aches If the Tube Are Only Placed High Enough.

The washday is often spoken of as "blue Monday" because it is usually a day of hard work, followed by days of recovery from such aches as woman thinks her due. Now, it has been definitely proved, says J. Howard Frick, instructor of Medical correction gymnastics in the Samaritan hospital of Germantown, according to the New York Tribune, that washing clothes has nothing to do with making woman feel gloomy, but that the way she does it has all to do with her after health.

The most common complaint of women after a day's washing is the terrible backache which almost compels them to go to bed. This is sometimes followed by headache in the middle of the head and behind the eyes, which often last for days. Now, what is the cause of these after effects? Certainly ordinary work should not entail such after sufferings. The whole cause is the position of the woman while working over the tubs. The majority of wash benches are too low and the woman must stoop over while at work. This causes the muscles of the abdomen to relax, which allows the stomach, liver, kidneys, and, in fact, all the organs, to fall forward out of their normal positions, causing the terrible after effects of such work.

The proper position before a tub is a perfectly erect position. Here it is impossible for the abdominal organs to fall out of position, as the abdominal wall is tense, as it should be when in the erect position.

Another point of value in the erect position is the fact that the wringing of the clothes is much easier, since the whole force of the arm can be used without having to exert an effort to keep the erect position.

The lifting of the tubs is an entirely unnecessary labor. When they are not of the stationary kind they can be emptied by means of a siphon.

Cocoon Candy.

One and a half cupfuls of soft pale yellow sugar, half a cupful of dark sugar, two and one-half ounces of desiccated coconut, one heaping tablespoonful of butter, a quarter of a teaspoonful of cream of tartar, half a pint of cold water and two ounces of plain fondant. Put in pan the sugar, water and coconut and stir and dissolve, adding cream of tartar when it boils. Stir most carefully all the time and boil to 245 degrees F. Work the fondant quite soft and pliable and put it in the batch and mix and stir it until it begins to grain. Pour into buttered tin and when half cold cut in strips and wrap each in wax paper.

Tea Biscuit.

Take two cupfuls of sifted pastry flour, two teaspoonfuls of baking powder, one teaspoonful of salt, two tablespoonfuls of butter, two-thirds cupful of milk.

After the flour has been sifted and measured, add baking powder and salt, sift again, then rub butter in with the finger tips. Now with a fork combine this and the milk, neither stir nor knead, just see that ingredients are blended, then take on lightly floured board. With a floured rolling pin roll into a sheet a little more than an inch, cut with small round cutter and bake in greased flat tins.

Autumn Soup.

Cut in thin slices the white parts of four leeks, the same of two heads of celery, and a lettuce; wash and throw them into boiling broth, add a pint of young peas, a little sugar and pepper, two large spoonfuls of flour mixed thinly and smooth. After boiling one and one-half hours put it into the tureen with little "crusts" of bread fried in drippings. The last should be carefully dried in the hot closet so that they shall be crisp and not greasy.

Chocolate Cream Pie.

Here is a chocolate cream pie which everybody likes and it has the merit of being cheap. Into your double boiler put one pint of hot water. Blend together one and one-half cups of sugar, four tablespoonfuls of flour, two of cocoa, butter size of small egg, a pinch of salt and stir into the water. Cook until thick. Cover with a deep plate with rich pastry and set another plate inside mixture, cover with whipped cream and sprinkle with chopped nuts.

Worth Knowing.

To get rid of carpet moths scrub the floor with hot water made exceedingly salty before laying the carpet and sprinkle the carpet once a week before sweeping till the pests disappear.

To have gems bake nicely, when filling the gem pans with batter leave one of the cups empty and fill it with water. The gems will not scorch when this method is followed and will brown nicely.

Onion Chowder.

Two large onions, three good-sized potatoes. Slice thin, put into pan with water enough to cook without burning. When soft, mash very fine, leaving water in. Add one pint of milk or more if desired, let come to a boil. Have ready one egg well beaten in serving dish and stir chowder into egg. Season with pepper, salt and butter. Fine for a cold day for luncheon.

To Freshen Cake.

To freshen stale cake, dip it for a second or two in cold milk, and then rebake it in a rather cool oven. It will taste almost like new again.

ORDER SALE OF FRANCHISE

**Fiscal Court Takes New
Step In Telephone
Matter.**

ANIMATED DISCUSSION.

**Sale To Be Made March 3
and Maximum Rates
Fixed.**

The County Fiscal Court met in regular session Tuesday with all of the members present. After the usual claims were allowed, the telephone question was taken up as a special order.

County Attorney Duffy introduced a franchise for a telephone to be offered for sale in the county, modeled after the Home franchise in this city. It provides for free service, at a uniform rate to be fixed in the franchise, upon all lines and exchanges owned or operated by the purchaser, upon which it has mutual service.

The consideration of this question brought on an animated discussion in which a number of speakers participated.

Mr. Duffy urged the necessity of a franchise to regulate rates and to improve the service.

Hunter Wood attorney for the Christian-Todd Telephone Co., owner of the city franchise, asked to be heard and requested the court to postpone action until July 1, as time was necessary to allow the new company to complete its work of consolidation and to adjust the standard rates of the Cumberland Company to the whole country, and to systematize the business.

A number of telephone subscribers were also heard.

E. D. Jones, J. W. Riley and Allen Owen of the Newstead vicinity, all made brief speeches urging control.

R. C. Crenshaw spoke more at length demanding lower rates and better service.

C. B. Brewer, of Fairview, said discrimination was being shown on the Per broke exchange in violation of the Railroad Commission's order of consolidation.

Howard Brame and M. B. King were other speakers who spoke for the farmers. They expressed the opinion that a \$1.50 rate for five-party lines in the country would be reasonable.

R. E. Cooper, President of the Telephone Co., spoke along the same lines that Mr. Wood had spoken on, asking for reasonable time to perfect the difficult work of merging the several lines into one.

The consideration of the question was not completed at the hour of adjournment.

The Court met again yesterday morning at 10 o'clock with the matter still pending.

After further discussion a motion to sell the franchise on March 3 was adopted by unanimous vote, E. G. Fuller absent.

The proposed franchise is to run for 20 years and the maximum rates are to be as follows:

Professional or business office,
direct line.....\$4.00
Same, party line.....\$2.50
Residence, not over 5 on line.....\$1.50

The purchaser is subject to the regulation of the Fiscal Court. The sale is to be advertised and the franchise sold by the County Attorney the minimum cost to be the expenses of advertising.

To Regulate Loan Sharks.

Washington, February 5.—"Loan sharks" in the capital, credited with doing an enormous business among government clerks, received a blow today when President Taft signed the "loan shark" bill, limiting their charges and also those of pawnbrokers to 1 per cent a month. Passage to the bill had been fought for years in Congress, and the money lenders appealed personally to the President to veto it.
